MICROSOFT TECHNOLOGY CENTER

11 Times Square, New York, NY 10036

For the duration of the program, Microsoft hosts SCIP and its young leaders. Located in the heart of Times Square, Microsoft, with its contemporary designs, gives the young leaders a professional working atmosphere and access to state of the art technology. But, it's the endless supply of complementary coffee that student leaders thrive on most!

The young leaders work efficiently to complete various projects throughout the program's duration. Although the students are divided into several teams, they still collaborate extensively and always remain interconnected as they work on projects. Each team was assigned deadlines, which gave the young leaders the chance to experience the pressure of the corporate world, while also improving their time management skills.

INTERVIEWS

Young Leaders give insight on their first week

2016 SCIP Interns get comfortable with working among other team members.

"I felt very welcomed into this program. The selected people who came to speak to us gave very eye opening and useful advice, that we will take with us on to our future endeavors."

- *Valerie Femenias*

"I've had an unparalleled experience collaborating with peers and meeting successful people in the corporate world."

- *Jeffrey Geller*

"My expectations were beyond surpassed during my first week at SCIP, as I was welcomed with open arms. The selection of speakers that we were introduced to provided a wide palette of inspiration."

- *Nora Hedeisha*

"I think SCIP will provide us with the opportunity to be audacious. I learned to not be afraid but to be outspoken in my first week."

- *Luz Melo*
